

MOST AMERICANS ARE
proper education. (2)

(5) In Source #1, you can see how
seems to frustrate or stress out
the amount of money on their balance
have a lot of debt from borrowing
their education. As you can see in the
of a paper for student loans because
loan for his college degree. This loan
says debt on it which represents
his debt. The guy in Source #1
students are going through. (8)

(5) The chart of Source #2 shows
debt price for undergraduates rising
range since 2003. It also concludes
of college grads have debt. Even
attending college per year, went
for the 4 thousand dollar increase.

(8) Source #2 also shows us how even
attending college for four years
Basically, there are a lot of student
price to pay.
